## Two Big Days

### Milam Mall Draws 5,000 Attendance

An estimated 5,000 countians filtered through Cameron Friday and Saturday for Cameron's first Mall showing-Junior Stock Show combination.

About 40 Cameron business firms participated in successful Double Dollar Days or displayed new autos, trucks, farm equipment and feed stuffs at the courthouse Mall. Center of the Saturday crowds was the three-category Junior Stock Show that drew record attendance in its 11th showing, according to Chamber official estimates.

The Herald's pictorial coverage tells the story of the record two-day event. (See cuts.)

Chamber Associates Sponsor Chamber Manager Richard Moseley extended appreciation on behalf of the sponsoring Cameron Chamber of Commerce for the "enthusiastic support of Cameron businesses, county FFA and 4-H Clubs, their officials and the thousands of countians who supported the event by their attendance."

Judges announced the following stock show winners:

Grand champion steer, shown by Jeanette Richter, County-wide 4-H Club; reserve grand champion steer, shown by Carroll Wayne Glaser, Buckholts 4-H Club; beef division snowmanship award, also Glaser.

Grand champion dairy animal,

shown by David McClaren, County-wide 4-H Club; dairy division showmanship winner, Henrietta Richter, St. Anthony 4-H Club.

Grand champion swine, shown by Henrietta Richter, County-wide 4-H Club; reserve champion swine Roy Dean Tomasek, Ad Hall 4-H Club; swine division showmanship winner, also Tomasek.

A complete list of winners is published in another Herald story.

#### Good Response

Response to the Chamber Double Dollar Day was gratifying according to a consensus of participating merchants, Moseley told The Herald.

The weather cleared Friday morning for the displays around the courthouse square. Shoppers were generally heavy during the morning and early afternoon.

The stock show Saturday brought another crowd of shoppers and Mail viewers. Parking space was at a minimum from Friday noon until late Saturday.

Stock judges were John Smaling, Texas A&M, on beef and swine entries, and H. D. Maxwell assisted by J. E. White, Rockdale, who judged dairy cattle.

### Column 99

By Frank M. Luecke

Americans think of the Soviet Union as a terrible state of bondage, slave labor and the new Khrushchev "seven year plan."

Not so, according to the latest report on life within the Iron Curtain by Irving Levine, author of Main Street, U. S. S. R.

At least no so ipso facto, as sometimes reverse propagandic reports would lead us to believe.

Russian people even have a sense of humor about commissars, rockets and other forbidden things, says Levine in his new book.

99-99-99-99

One Cameron mother is nonplussed. And worried. She fears that one of her own daughters may take to heart the example of the modern-day child errand.

A daytime TV comedian raised the question:

"I can recall the days when I used to threaten to run a way from home. And once in a while, I did. But it was by no means in the manner kids nowadays would travel."

"My little girl, for example, banged her way into the house the other day, apparently highly irate at her old man, me!"

"Daddy," she said, "I'm leaving this place forever. I just can't stand the way I'm being mistreated!"

"You're what!" said I.

"Never mind the objections," the child said, "just call me a taxi!"

99-99-99-99

There's no speedy recovery from that kind of shock for any parent, unless one takes heed of the amazing medical devices cluttering up television.

I am completely distracted by the testimonials about the wonders of these nasal-clearing, membrane-reducing, sneeze-stopping, headache-relieving, stomach-balancing, bacteria-killing medications.

I don't know "Seven New York doctors," who seem to be endorsing this stuff. I might know one. And he wouldn't fit my composite mental picture of the TV image: They are puffing filter cigarettes, stirring dentures in a cup, swallowing Brand A before Brand B and standing in front of an X-ray screen which shows the blip-blip interactions of little letters pell melling for their blood stream.

## Blood Doner Goal Set At 100 Pints

A goal of 100 pints of blood to be donated to the Red Cross bloodmobile on Friday, February 20, has been set by the health and sanitation committee of the Chamber of Commerce, according to an announcement by Dr. S. H. Richardson, chairman.

The Chamber is cooperating with the local Red Cross blood committee in this endeavor to help secure enough donors to guarantee a continuance of the program in Milam County.

According to figures from the Regional Blood Center in Waco, Milam County is donating about half the number of pints of blood as is used by its residents.

Richard Moseley, chairman of the Red Cross blood committee, thanked everyone who had donated in the past and urged that every able bodied citizen respond February 20 when the bloodmobile will be in Cameron at the First Presbyterian Church from noon to 6 p.m.

He praised the many persons who had donated many pints of blood, particularly the Gallon Club members, who have donated eight or more pints.

Leading blood donor to the Red Cross bloodmobile in Cameron is Drayton McLane who will donate his 16th pint of blood on the next visit of the unit to Cameron. He

## Cameron C of C Elects New Board Members

Cameron Chamber of Commerce members elected eight new directors to the board, according to President Hilliard Thomas.

New directors announced after the election tally last week are: E. A. Perrin, Richard Williams, B. F. Crockett, John Schigut, V. J. Hannon, Bill Burns, E. L. Wied and Coleman Duncum. All are Cameron businessmen.

Thomas said the group will be special guests of the Chamber board of directors at the monthly Friday meeting at Kathy's Cafe.

Outgoing directors are: Earl Curtis, John Davis, Gus Elley, Don G. Humble, A. W. McCullin, Henry Siebman, Morris Eplen and William Artaur.

## 3 Youths Paroled After Court Test

Three Milam county youths were paroled to their parents following a hearing on petty larceny in Judge O. D. Graham's district court last week.

Sheriff Carl C. Black said that charged in connection with the theft of small auto parts during the past 90 days were Colin Tagel of Bryant Station, Richard Earl Wilkins of Ad Hall and Ernest Mendoza of Buckholts.

## Cameron Council Hires Engineer From Rockdale

The City Council in two meetings this week let bids for resurfacing North Fannin and Twelfth Streets to the BHC Material Co., Rogers, and employed John B. Earle, Rockdale as public works superintendent.

The contract calls for resurfacing N. Fannin on E. Fourth St., now under construction, to E. 12th St. and resurfacing Twelfth St. from US 77 North east to North Jackson.

Officials said that city representatives are calling on residents along Sixth St. and orth Jackson to gain permission for projected asphalt paving the length of both streets.

City Sec. John Andres told The Herald that Earle, 56, of Rockdale, has listed 30 years of experience in public works and engineering projects.

Earle has been employed by Robert H. Black, Inc., a Chicago construction firm, and H. B. Zachery General Contractors, San Antonio.

He is scheduled to assume his duties Monday. Earle assumes the post vacated in early January by W. D. Bigbee.

Work was to begin as soon as weather permits on the two thoroughfares in northeast Cameron. The project is a part of six-mile street surfacing program approved by the City Council two weeks ago.

Officials said bids will be called for on Sixth and orth Jackson Sts. as soon as property owners have signed approval for the \$1 per running foot of 150-pound asphalt topping.

Plans call for widening and leveling of both streets prior to installation of the asphalt topping.

## Farm Bureau Family Night To Be February 21

The Annual Milam County Farm Bureau night will be held at 6:30 p.m. February 21 at Simon-George Hall in Cameron.

Families are asked to bring a basket lunch and the Farm Bureau will furnish bread and paper plates.

Mrs. S. W. McClaren Jr., chairman of the program committee, announced that following the meal there will be a party for youngsters whose parents are Farm Bureau members and for FFA, FFA, and 4-H Club county members. Games and square dancing will be directed by Mark Towery of Salty.

A Milam Farm Bureau spokesman also announced that children of Farm Bureau members between the ages of 9 and 16 could register now for the Swine Drawing Contest February 21.

## 3 Days Remain To Draw C of C Rat Poisoning

Citizens are reminded that they have only three days left to secure rat poison from the Chamber of Commerce for use in their homes during the rat eradication program.

There is a limited quantity of poison available provided by the U. S. Department of Interior and Wildlife Service, Manager Richard Moseley said, and it can only be secured during the campaign.

Poisoning in the downtown section of the city will be completed by the end of the week, according to Dave Wimberly, senior sanitarian of the Milam County Health Department, who is supervising the placing of the bait.

He estimated that 800 to 1000 pounds of poison will be distributed during the campaign to rid the city of rats.

## Crimemobile Exhibit In Cameron Today For Public Viewing

The Crimemobile, a rolling classroom of scientific crime detection devices, will be in Cameron today from 9 a.m. until 6 p.m.

The unit, sponsored by the Texas Law Enforcement Foundation, is a free exhibit designed to acquaint the public with modern methods of combating crime and to enlist the support of Texans in reducing crime.

The exhibit will be on the West side of the courthouse until 11 a.m. when it will be moved to the Yee High gym for display during the dinner hour. Sheriff Carl Black said that his department would furnish an attendant for the unit.

# LESABRE, the Buick you can own for only \$200 more than the best models of the leading low-priced cars...

This is in no way a "stripped" car you're looking at. Come in and study the manufacturer's suggested retail price of a Buick LeSabre like this, equipped with Twin Turbine automatic transmission, radio, heater, white sidewall tires, and anything else you want in your next car. Then do the same to the top models of the leading low-priced three, and you'll find the statement above stands up.

### What a difference for only \$200!

Now think how much more you'd enjoy a Buick. A comfortable, substantially built automobile. A car with the finest ride in all Buick history. A car with Buick's exclusive fin-cooled brakes, and the smoothest type of transmission

money can buy. A wonderfully quiet and greatly respected car!

### Owners report QUALITY outstanding

Your money in a Buick today puts you in on the ground floor of what promises to be a long new time of leadership for Buick cars. "My sixth Buick and the best I ever owned!" "Best-operating car I've driven in thirty years!" "Much the best Buick yet!" Reports like these mean extra pleasure in your Buick ownership... and they mean hard dollar value when the time comes to trade. It all adds up to the best proof in 50 years that: "WHEN BETTER AUTOMOBILES ARE BUILT, BUICK PEOPLE WILL BUILD THEM!"

### New in gas economy, too!

In planning the '59 Buick, the new Wildcat engines, transmissions, and axles were all engineered to work together for greater gas mileage. Across the country owners tell us they are getting 15 to 20 miles per gallon in the '59 Buicks. And in a recent thorough test of Buick LeSabre against another car of comparable size and a good reputation for economy... the Buick won in every case under all kinds of driving conditions.

So we think we've got a new kind of value in this Buick LeSabre. And we suggest you go to your Quality Buick Dealer's and see whether you agree before you buy a new car.

## Mrs. Johnson Draws Capacity PTA Audience

Mrs. Eloise T. Johnson of the extension department at Texas A & M College spoke to a capacity audience Thursday evening at the Cameron Parent Teachers Association meeting held at the Ada Henderson Cafeteria.

Introduced by Mrs. Wilky W. Loughmiller, Mrs. Johnson illustrated her talk with placards showing the eight phases of the family cycle and stressed the importance of preparing usually for each phase from the beginning of the

family to the later years. In observance of the sixty-second anniversary of Texas Congress of Parents and Teachers, Mrs. Carroll Green presented a birthday cake and briefly outlined the outstanding objectives of the organization.

Coffee and cake were served following the program.

## TEXAS CHAMPIONS OF FREEDOM

## Ben McCulloch

The Lone Ranger of Liberty and Independence

He was a famous Ranger and a true "loner." Ben McCulloch even remained a bachelor throughout a life as colorful and adventurous as any recorded in Texas history. As an Indian fighter, a champion of Texas Independence, a Confederate Brigadier General and a U. S. Marshal, Ben McCulloch was a man of action and of devotion to duty and his state.

The Battle of San Jacinto was history, with Ben playing an active part, when Surveyor Ben McCulloch laid out the original plat for the town of Seguin. That year, 1838, he joined Captain Jack Hays Texas Rangers and saw extensive Indian fighting.

During the war with Mexico which followed the annexation of Texas by the United States, Ben commanded the "McCulloch Rangers." Before the decisive Battle of Buena Vista he scouted the enemy's force from a hill less than a mile away. For that service he was promoted to Major, a man

famous from coast to coast for daring, skill and courage. More years of patriotic service followed, as U. S. Marshal as Commissioner to settle Mormon troubles in Utah and as a ranking officer in the Confederate Army always ready to defend the rights and independence of his people, wherever and whenever duty called.

Today Texans will demand and get their right to choose the way they want to live. In this vigorous and freedom-minded homeland, "Beer Belongs" and this is why the United States Brewers Foundation works constantly in conjunction with brewers, wholesalers and retailers, to assure the sale of beer and ale under pleasant, orderly conditions. Believing that strict law enforcement serves the best interest of Texans, the Foundation stresses close cooperation with the Armed Forces, law enforcement and governing officials in its continuing Self Regulation program.

## A Glad Triumverate...

Talk about enthusiasm... Talk about participation... Talk about success...

There was little shortage of any of these components in the Cameron junior stock show, auto and farm displays and Dollar Days.

Parking space was at a premium after noon Friday when the Mall showing of autos, tractors and other farm wares got underway at the courthouse square. Even the sun shone brightly for the first Chamber Mall display.

The stock show Saturday attracted up to an estimated four or five times as many viewers as in previous years. A conservative estimate of 5,000 people were in Cameron for the two-day events.

Cameron merchants reported sales gains up to 25 to 50 percent for Friday Dollar Day compared to the same dollar day of 1958 or to a normal Friday business in February.

An interesting aspect of the event was that no tremendous crowd developed at any one time save for the stock enthusiasts' Saturday appearance at judging competition.

But there was hardly a slack in the flow of onlookers Friday afternoon and all day Saturday. Downtown merchants reported steady to heavy purchase of specials Friday morning. Parking slots were filled around the downtown area and beyond.

In all, about 40 to 50 Cameron businesses of all types joined in the activity. And others indicated support for future developments along Mall lines.

Thus we say that enthusiasm, participation and success reigned throughout the Cameron project and will precipitate future reign of this glad triumverate in any project undertaken by joint Cameron initiative.

## The Little River Philosopher

Sage Says Balancing US Budget  
Like Balancing Family Budget

Dear editor:  
I don't know how President Eisenhower handled his son when he was growing up, but if he handled him like he's suggesting Congress be handled, I take my hat off to him.

As I understand an article I read in a newspaper last night, Ike has drawn up a balanced budget for the next twelve months and has informed Congress if it wants to spend more money than the budget allows, it ought to add enough taxes to cover the extra cost.

This is a splendid idea for families — I don't know about Congress, what Congress does is not always limited to reason on account of the people — but I don't know of anybody who has succeeded in making it work.

Say you have a couple of kids and you draw up a budget, carefully including so many pairs of shoes, so many pairs of pants, so many dresses, coats, jackets, etc., and for the first month or two everything is in balance, until your son comes in with the toes busted out of his shoes at least six weeks before they were supposed to play out.

Maybe Ike could do it, but all the parents I know who say, "Look here son, a new pair of shoes at this stage of the year wasn't included in the budget, if you want another pair you'll have to find the money for them" — well, most parents just can't bring this off.

And it doesn't have to be something as necessary as a pair of shoes. Say your daughter comes in with the announcement she's been nominated as a candidate for class queen and has to have a new fancy dress for the campaign, the average father would be run out of the house if he suggested it wasn't included in the budget and she'll have to find the money herself for the new outfit.

Isn't that Congress just likes to spend the money, it's just that the people like to have these things.

I guess that's the way it works. In my case, I don't have any trouble balancing my budget on paper, but my 10-year-old tractor hasn't got any appreciation for figures and is liable to blow a gasket any day and throw my budget head over heels. And I think Congress has found the people have gaskets too.

Yours faithfully,  
J. A.

## Capital Report

# Austin Less Social More Hard Work

By Vern Sanford  
Texas Press Association  
AUSTIN—With committee hearings going full tilt, the Legislature has reached the rough and tumble stage.

Committee hearings give everyone who has anything to say about a proposed measure a chance to come and speak up. It brings people to Austin in droves. And many speak up — very bluntly.

This year's lawmakers, particularly in the House, seem to be falling into an early pattern of much work, little play. In part, the shortage of sociability is attributed to the hard-fought speaker's race. It divided the House into two camps, whose members, for the most part, stayed aloof from each other during early weeks.

A second sobering factor is attributed to the new lobby control law. Actually, the lobby registration requirement has probably done more than any one thing in years, to make lobbying seem commonplace, respectable. A total registration of some 700 indicated that just about everybody and his brother has a lobbyist.

But the law also requires that each lobbyist make a monthly report on the amount spent influencing legislation. Herein comes the reason for caution in entertainment. No one particularly minds being identified as a lobbyist, but too large expenses might incur the risk of being tagged a "rich lobbyist."

### Rough Road

Toughest sledding continues to be over the money problem.

Gov. Price Daniel let go with both barrels at critics of his plan for clearing the state deficit and raising additional money for future state services.

Daniel's principal target is Rep. Frates Seeligson of San Antonio, whose 18 months' work with the State Tax Study Commission convinced him Texas' taxing had to branch out, partly through a 15 per cent sales tax.

Daniel's money program is based primarily on a natural gas severance tax. He warned he'd fight for this program to the last ditch, even into a third term, if necessary.

### Matter Of Math

First official consideration of a part of the governor's money program brought a real set-to.

It was a hearing on "the book-keeping bill" by the House Revenue and Taxation Committee. This is a proposal, sponsored by Rep. James E. Bates of Edinburg, to credit to the general revenue fund \$18,000,000 from the omnibus tax fund. Since the general revenue fund is expected to be \$65,000,000 in the red by August 31, this would help to ease the pain in that area.

Representatives from the state comptroller's office called the plan unsound, declared such juggling around would just be "legalizing a false statement." Legislative critics labeled it "check kiting."

But members of the governor's office defended it stoutly as a means of giving a "true picture of financial condition."

### Parkhouse vs. Labor

More heat was generated when representatives of organized labor came up to protest Sen. George Parkhouse's union reporting bill.

Briefly, the Parkhouse bill would prohibit use of union dues for political purposes, and require unions to file financial statements audited by a certified public accountant.

Labor officials protested that some phrasing in the bill was so broad as to limit union members from expressing opinions and, hence, free speech. They also said the CPA requirement would be too heavy an expense for small unions.

Parkhouse said many union members had asked him to sponsor such a bill so they could get an accounting of what goes with union funds. Some, he said, complained their dues money was used for purposes with which they did not agree.

### School Bills

Committee hearings on higher education appropriations brought varied, but cautious, expressions on how these increasing costs might be met.

Before the House Appropriations panel, A. M. Muldrow, Higher Education Commission chairman, said that the commission was studying the question of asking for higher college tuition rates. State college tuition was doubled, from \$30 to \$100 a year, last session.

Before the Senate Finance Committee, most of a group of 18 junior college presidents said they would approve a general sales tax "if necessary."

## Afternoon Brunch Entertainment At Two Rivers Farm

Mrs. Ragsdale Pace entertained with an afternoon brunch at her home, the "Lazy J. P." on their Two Rivers farm Saturday afternoon.

Out of town guests included Mrs. John Busby, San Antonio; Mesdames Dody Ward, Elwood Raley and Mrs. Marvin Mitcham of Rogers.

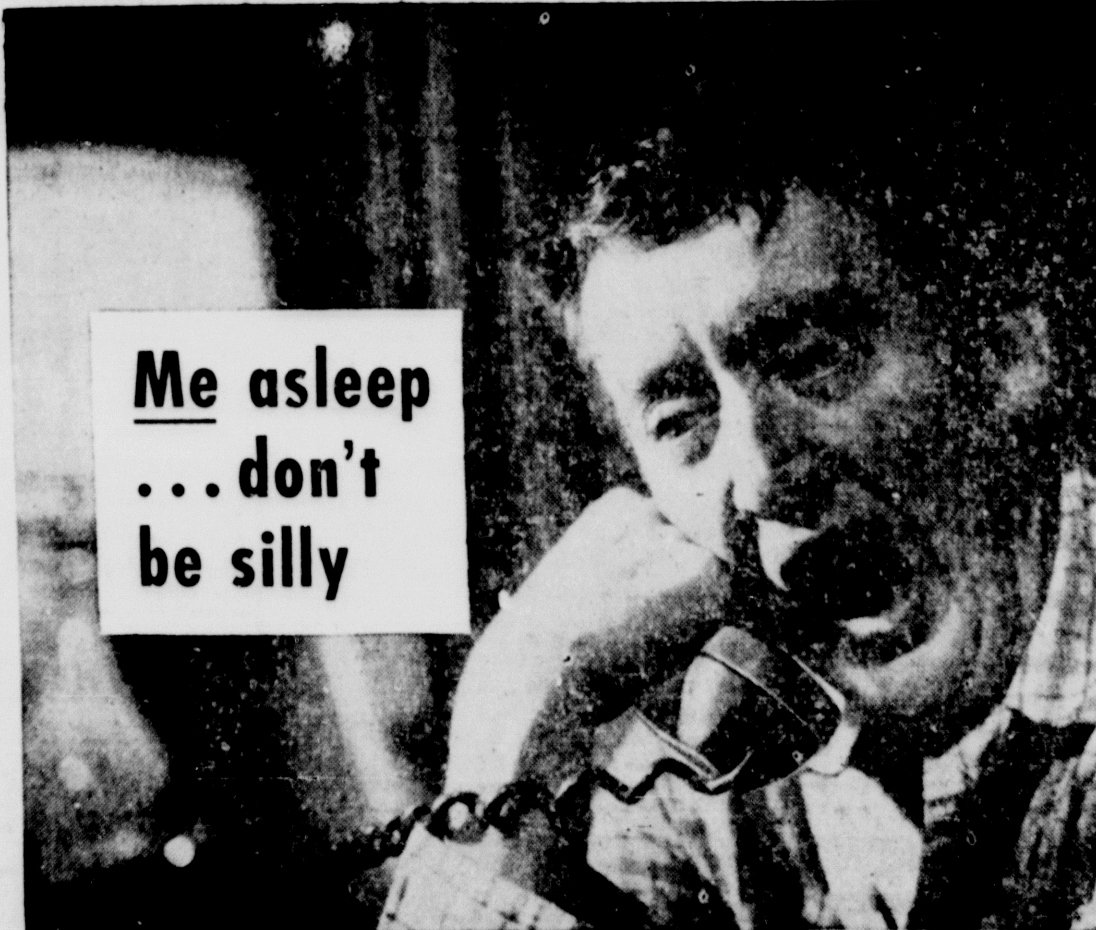

Arrangements of red nandina foliage, berries and palm fronds were placed at points of interest in the party rooms.

The hostess invited guests to the candle-lit dining room for refreshments served buffet style from a lace covered dining table. Appointments were silver and crystal. Party trays held a salad course, smoked turkey, a gift from Oregon state, fruit cake and condiments. The silver coffee service at one end of the table was presided over by Mrs. Tal Woodward.

### Tom Murray's Column

SPORTS WRITERS often bemoan the dearth of "characters," or colorful personalities about whom they have to write a readable tale. But the folks in Port Arthur and Orange are experiencing no difficulty.

### Hollie Baldridge Dies In Temple, Services Here

Hollie C. Baldridge, 61, died at the VA center in Temple Monday following a long illness.

Funeral services were held at the First Methodist Church at 3:30 p.m. Tuesday with the Rev. E. J. Davis and the Rev. Aubrey Russell officiating. Burial was in the Little River Cemetery.

Mr. Baldridge was a veteran of World War II and had been employed by the First Methodist Church.

Survivors are 2 brothers, Jeff Baldridge of Baytown and Onnie Baldridge of Cameron; 3 sisters, Mrs. Claude Coker of Freeport, Mrs. Elsie Clements of Houston, and Mrs. Thelma Clark of Austin; 2 half-brothers Tom Sissom of Freeport and W. B. Sissom of Winnsboro.

Pall bearers were Max Howard, F. H. Scarbrough, B. C. Caldwell, J. C. Martin, C. E. Cartis, and R. G. Grabein. Marek-Burns funeral home was in charge of arrangements.

Congress granted a federal charter to the Boy Scouts of America in 1916.

You see Clarence (Buckshot) Underwood, the bulldog-jowled Port Arthur coach, and Orange's Wilson Waites are keeping that section fomented. There is nothing like getting two characters together!

Both these fellows are funny men, always laughing and conniving to play a trick on somebody, preferably each other.

WHEN WAITES CAME TO ORANGE THREE YEARS AGO FROM TRINITY UNIVERSITY, HE SHOCKED NOT ONLY UNDERWOOD, BUT THE ENTIRE STATE, BY SAYING: "BUCKSHOT, WE'RE GOING TO BEAT YOUR EARS OFF!"

Orange had not won a fight from anybody in four years and Port Arthur was no place to be picking a fight. But beat Port Arthur he did, and the war's been on since.

But who got the last laugh? After Port Arthur beat Orange and won the 11-4A title, Underwood received a sum total of nothing. Orange fans, however, appreciative of the rare estate Waites has fetched for their youngsters, purchased the old Mississippi Mudcat a new automobile.

This past fall, Orange had its best material since 1946 and was expected to win. As usual, when that is the case, the Yellow Jack-ets won. This was a little more palatable for Underwood, since the squatly Waites had been telling him he would beat him again.

FIRST THING THE ORANGE BOSS DID WAS PICK UP A VISITING COLLEGIATE SCOUT, THERE TO RECRUIT HIS TOP

HORSES, WITH: "COME ON, LET'S GO HAVE SOME FUN."

They piled into the shining new chariot and headed for Port Arthur. Drawing up in front of the Underwood homestead, Waites shouted, "Come on Buckshot, come ride in my new car."

No piker, Underwood dutifully got in and took a ride around his own town in a buggy bought for a guy he beat. "You lousy devil!" Buckshot fumed. "I win the district and get nothing. You lose and get a new car."

"IT'S NOT HARD TO SEE," WAITES HOWLED GLEEFULLY. "WHO DID THE BEST COACHING JOB?"

LAUGHLIN TO BE MOVED BACK TO OLD CENTER POSITION: PHILLIPS TOP SHIPPER, BASILIO LAUGHS

LOOK FOR Bill Laughlin, Baytown's All-America schoolboy center to move back to that position for the Texas Longhorns during spring training. Johnny Jackson has been popping the net for Silsbee's Tigers. Lamar Tech's top sprinter should be Jimmy Davis, former Liberty speedster. James Phillips, bulging 210-pound guard, may be Brazosport's foremost collegiate product since All-America King Hill entered Rice Institute. This football is a fickle thing. It's no secret Paul Dietzel would have been fired at LSU this year had his team not won after four consecutive losing seasons. He's now toast of the nation. Colorful quote in the Bay City Daily Tribune "The Lucky black cats got their tail caught in the door again. Did you know El Campo never finished below third in any track meet it entered last spring? One of the major recruiting jobs going on in Texas right now does not involve a college. Lamar Consolidated fans at Richmond-Rosenberg are pleading with Robert Moses

Sr. president of McCormick Steel to allow his junior high-age son Jimmy to stay in Texas to gain a high school education. A tremendous athlete, the youngster may follow the footsteps of older brother Bob, now an end at Texas and his father Deerfield Academy Deerfield, Mass. Young Bob, whom UT coaches feel may become particularly outstanding, is one of the

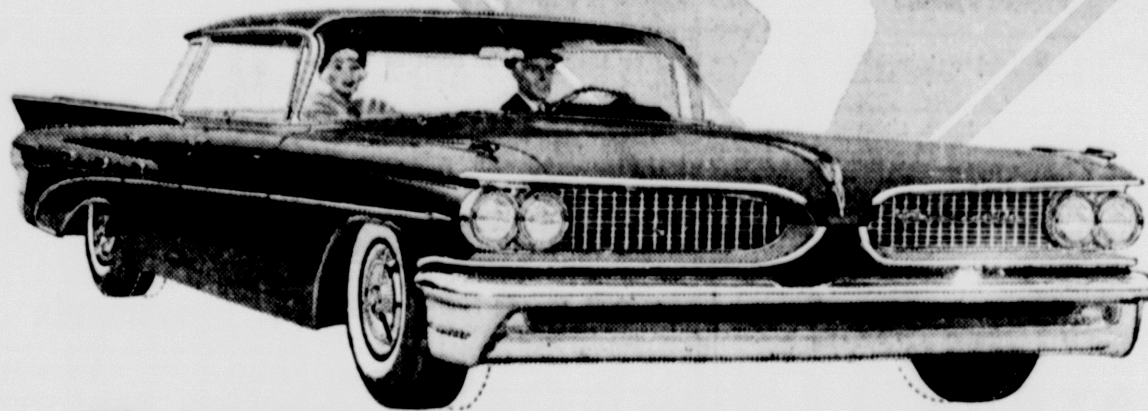

all-time greats at Deerfield. "But we need the little one, here," pleads Donald Bryant, Herald-Coaster publisher. Bill Young, one of the state's most sought prizes two years ago after an all-state schoolboy career with the Robert E. Lee Ganders, has transferred from Texas to Sam Houston State. A good bet for All-America honors came fall: Charles Mil-

stead, the Texas Aggies' magnificent thrower. Doc Mann, father of Baytown all-America Tackle Scott Mann, was once an assistant coach at Hearne among other places. Murphy Webster, tutoring Cameron's trackmen, is employing weights to develop the precise muscles needed for perfect performance. Bill Rosebrock, Kennedy basketball, has been outstanding in games to date. In answer to Sugar Ray Robinson's yelling for a bout with Light Heavy Champ Archie Moore, Carmen Basilio fumed: "Let Robinson fight Moore. He'll get killed. Moore would break Robinson in half and he wouldn't be able to walk, much less dance."

### For Chevrolet Fair, Dependable Auto Service At Earle Pearson

Fair, dependable service and dealing await motorists at Earl Pearson Chevrolet.

"Our first aim is to give honest, dependable service that continues long after the sale of a new 1959 Chevrolet or an OK used car," Owner Earle Pearson emphasizes.

"We want the confidence of our customers, lasting customers. The best way we know to keep their confidence is with straight-forward business dealing."

Pearson has the service of a well-staffed Chevrolet agency to back his policies with competent, well-timed action.

A veteran of 23 years in Chevrolet sales, service and parts, Pearson is also experienced in auto financing through GMAC and offers installment financing of reasonable repair bills.

"We also feature auto insurance on our new and used cars," Pearson continues.

#### Save At Home

"We believe that our customers and friends will find new car and truck deals at Earle Pearson's attractive enough to save shopping around for better ones," Pearson points out.

Pearson sells all lines of Chevrolet cars and trucks and has fine OK used cars.

### Burkes-Howard Company For Farm Or Home Equipment

International - Harvester trucks and Farmall row-crop tractors are included in the outstanding line of farm and home name-brand appliances and machines are available at the Burkes-Howard Co., in Cameron and Bartlett.

Max Howard, general manager and half-owner in the business, points out many other family names in appliances, farm equipment and allied materials as well as one of the largest stock of service parts in Central Texas.

"We really service what we sell," Howard says. "Our well-stocked parts department has just about everything to keep equipment sold at Burkes-Howard going. And we have the servicemen to do the work right."

#### Many Products

Burkes-Howard Co. lines include General Electric appliances, Star tires, Choremaster and Eska lawnmowers, Continental post-hole diggers and sprayers, stalk shredders by Service Equipment Co., Windpower rotary hoes and farm trailers, Ranger home trailers, Whirlpool freezers, lawn furniture, evaporative coolers and baling wire.

"We have a competent staff to stand behind our line of merchandise," Howard continues.

"We would like to point out that we sell a number of different types,

MAX HOWARD

of Continental post hole diggers, including sprayers, stalk shredders and terracing machines, blades and dozers by Service Equipment Co., one of the major suppliers we represent," Howard says.

Burkes-Howard now has two stores, allowing them to buy in larger quantities for discount prices to farm consumers. Howard and his partner E. J. Burkes, opened a farm equipment and appliance store in Bartlett in May, 1957.

**YOUR ARE HEREBY COMMANDED** to appear before the Honorable District Court of Milam County at the Courthouse thereof, in Cameron, Texas, by filing a written answer at or before 10 o'clock a.m. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 9th day of March A.D. 1959, to Plaintiff's Petition filed in said court, on the 13th day of January A.D. 1959, in this cause, numbered 14,705 on the docket of said court and styled Patsy Willene Lee, Plaintiff, vs. J. R. Lee, Defendant.

A brief statement of the nature of this suit is as follows, to-wit: Suit for divorce as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ within ninety days after the date shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Issued and given under my hand and the seal of said court at Cameron, Texas, this 20th day of January A.D. 1959.

Attest: Grady Allen Clerk, District Court, Cameron Milam County, Texas 43-4tc.

**NOTICE OF HEARING TO APPROPRIATE PUBLIC WATERS OF THE STATE OF TEXAS**  
No. 2110

Notice is hereby given to whom concerned that the CITY OF CAMERON, TEXAS, Bassel Wilson, Mayor, the postoffice address of which is Cameron, Texas, on the 30th day of January, 1959, filed its application in the office of the Board of Water Engineers for the State of Texas, in which it applies for a permit to rehabilitate and raise three (3) feet in height its existing dam on Little River, a tributary of the Brazos River, in Milam County, Texas, constructed pursuant to Certified Filing No. 41. No additional appropriation of water is requested.

The proposed dam is located at a point which bears South 33 degrees 30 minutes East 84.3 feet from U. S. Geological Survey gaging station and South 41 degrees 51 minutes West from the southeast corner of a 35 acre tract of land acquired by the City of Cameron in 1957 on the west bank of the Little River in Milam County, Texas, and is distant in a South-easterly direction from Cameron, Texas, approximately one (1) mile.

A hearing on the application of the said CITY OF CAMERON, TEXAS, will be held by the Board of Water Engineers for the State of Texas, in the office of the Board at Austin, Texas, on MONDAY, MARCH 16, 1959, beginning at two o'clock p.m., at which time and place all parties interested may appear and be heard. Those opposing the granting of said application should file written protests with the Board and the applicant at least five days prior to hearing date, giving their reasons therefor and such other information as is required by Board Rule 305.2. Such hearing will be continued from time to time, and from place to place, if necessary, until such determination has been made relative to said application as the said Board of Water Engineers may deem right, equitable and proper.

Given under and by virtue of an order of the Board of Water Engineers for the State of Texas, at the office of the said Board at Austin, Texas, this 30th day of January, 1959.

County Agent:

## Moore Commends Stock Show Work

By J. D. Moore  
County Agent

This column salutes:

All the county Junior stockmen for the fine display of livestock shown in the county show Saturday. The neatly groomed and trained livestock represents months of care and preparation by the Juniors. Their parents are not to be overlooked. Without the encouragement of the parents, many of the youngsters would not receive the benefits of these experiences.

To John S. Batte, Chairman and Dana Monroe, Secretary-Treasurer, and their committee members for their efforts in planning and collecting prizes for the show.

To the Chamber of Commerce and businessmen for the attractive commercial displays. Such action by these men is an indication of their interest in making our community a better place to live.

To the 4-H Clubs and their leaders for a good job with their concession stand to Mr. Bert McKinney, newly installed County Commissioner, for his help in sending the 4-H Club Poultry Judging Team to Ft. Worth last Saturday.

To all the Vocational Agriculture Teachers for their fine cooperation and efforts in making the show a success.

To Mr. John Smalling of Texas A & M College for his excellent job of judging the beef and swine.

To Mr. H. D. Maxwell, County School Superintendent, and Mr. J. E. White of Rockdale, for the fine job they did in judging the Dairy Cattle.

To the local newspaper for the fine publicity and finally, all of those silent partners of success so essentially necessary in all successful undertakings. Thanks to all for their assistance and interest.

### Fumigate Garden Soil

Root knot disease can be controlled in garden soils by fumigation. The fumigant should be applied from 10 days to 2 weeks before planting and soil moisture should be adequate for germinating seed. More moisture is required in sandy soils.

Before fumigating, remove from the area to be treated all plant trash and infected roots. Prepare a good seed bed as if for planting. Use a hoe or plow to open furrows 6 to 8 inches deep and 12 inches apart. Apply the fumigant from a fruit jar. Two holes should be punched in the jar lid, one to let the air and the other for distributing the fumigant. Make the application by walking along the open furrow and dribbling the fumigant into the bottom of the furrow. Cover the furrow immediately to prevent loss of the fumigant gases.

A pint of the material should cover about 150 feet of row space. It is a good idea to test first with water in the jar to determine how fast to walk in order to make the proper distribution. Garden Dofume, D-D, Soilfume 60-40, Isobrom 40 and Bromofume 40 are all effective as garden fumigants. Severe injury may result if the fumigant application is made closer than two feet to growing plants. Keep the material out of the eyes and mouth and should it be accidentally spilled on the hands or clothing, remove it immediately with soap and water or kerosene.

Since such warm weather crops as tomatoes, peas, cucumbers and okra are more susceptible to root knot damage, it is well to fumigate the rows where they will be planted. Finally don't mix treated and untreated soil and use disease-free transplants.

### Dairy Herd Replacements

"Would it pay me to raise and develop my own herd replacements?" "How much does it cost to raise a dairy herd replacement from birth to her first lactation?" These questions are often asked by dairymen. As a result, two experimental tests were initiated at the Tyler experiment station in an attempt to answer them. The first study was started in 1950 and the second in 1955. Additional data on cost of herd replacements were collected from dairy farms in Northeast Texas through the East Texas Dairy Study during 1954-57.

The average cost of raising Jersey herd replacements at the Tyler station was \$157 per heifer from birth to first lactation. The average age of the 22 heifers at first calf was 2 years, 4 months, and 16 days and their average weight was 818 pounds. These simulated value 818 pounds. The estimated value of these replacements at first calf was \$250.

The East Texas Study was conducted on 607 Jerseys on 32 farms and on 32 Holsteins on two farms.

### Good Samples Important

## Soil Tests Recommended

The use of fertilizer on Texas crops and pastures will pay big dividends in the areas where plant food is needed to boost yields. The cheapest, easiest and best method for determining fertilizer needs is to test the soil. But, adds W. F. Bennett, Texas A&M extension soil chemist, the soil test is no better than the soil sample from which the test is made.

In fact, points out Bennett, chemical tests based on poorly taken soil samples may actually be misleading. Here are suggestions from the chemist on how to take a good soil sample.

A spade, probe or auger can be used for taking the soil sample. Sampling should be done to a depth of six inches. If a spade is used, dig a V-shaped hole to the six inch depth and take a half inch of soil from the smooth side of the hole. Then cut away all but the center one inch of the slice and place it in the container being used for collecting the individual samples from which the composite sample will come.

Take a composite sample from each soil type in the field. For example, take a sample from the level ridgetop and another from

the slope. In getting the composite sample, from 10 to 15 individual samples should be taken from over the area. These should be collected in a clean container and thoroughly mixed before the soil for the composite sample is placed in the sample box. In taking the random samples, Bennett says field depressions, old fence lines or unusual areas within the sample area should be avoided. Too, separate samples should be taken from areas that have been cropped differently.

In numbering the sampleboxes, make sure the box number corresponds to the number shown on

## Muecks Irrigate Cotton, Milo On Little River Bottomland Farm

By Wayne Mann

Lawrence and Bernard Muecks got their feet wet for the first time irrigating cotton and milo in 1958. They have Little River Bottomland and are pumping water from Little River. They are convinced that irrigation will pay in this area and are making plans to get all of their cropland ready for irrigation.

SCS Technician Robert Bounds has just completed preliminary work on 14 acres that will be leveled this year. Mr. Bounds predicts that they will be the first cooperators in this area to install and maintain a complete conservation irrigation system.

### Good Hunting

Wildlife experts and hunters report the best quail and dove season here in Milam County that they have seen in many years. They say that we can keep them here if we will make a special effort to supply plenty of cover and food. Most farmers are making plans to develop wildlife areas on their farms and to manage them by protecting them from fire

The average cost of raising replacements was \$148 per head for Jerseys and \$179 per head for Holsteins.

The average total cost of Jersey replacements for both the Tyler station and the East Texas Study was \$153 per head.

A complete summary of these tests are contained in the bulletin, MP 307, "Dairy Herd Replacement Costs" and is available at the county agents office.

### African Stargrass

The African stargrass plantings in this area are getting the cold weather test this year. There has been some doubt as to its ability to live through the colder winters here. Mr. E. A. Perrin's plot near Cameron was still alive January 26 when it was checked but we will wait until spring to say whether or not it might possibly be adapted here.

Guy Tittle has completed about six miles of terraces on the Patterson farm near Rogers. These are channel type. Mr. Tittle reports that he is well pleased with them

### Don't Let Carpet Cleaning Floor You

Now you can clean all types of wall-to-wall carpets quickly and easily with the new Blue Lustre carpet and upholstery cleaner.

This very gentle foam cleaner is brushed into the carpet with long handle brush without sogging or matting, leaving the pile open and lofty. Original colors spring out like magic.

Blue Lustre removes spots or traffic paths in a jiffy. Works beautifully on upholstery too. One half gallon of Blue Lustre concentrate cleans three 9 x 12 rugs.

## 507 Cattle Sold At Local Auction, Interest Sold

Consigned Thursday at Cameron Livestock Auction were 507 cattle, 2 horses and 1 saddle. There were 156 sellers and 67 buyers represented.

O. A. White, general manager, announced this week that R. L. Batte, III, had sold his interest in the Cameron Livestock Auction to Lester Lawhorn. White added that John S. Batte would continue as ringman.

Auction officials reported the market was 50 cents to \$1 higher last Thursday on all classes of butcher cattle. Good stockers were scarce and in strong demand.

Prices paid last week were:

## CHEVY'S NEW HI-THRIFT 6

More miles are back in a gallon of regular-grade gas—up to 10% more—and Chevy's new Hi-Thrift 6 engine puts them there. It also gives you more "git" in the speeds you drive the most.

Here's an engine that always seems able to coax extra miles out of a tank of regular-grade gas. In fact, if you're one of those drivers who keep tab on things like gas mileage, you'll soon see for yourself that this new Hi-Thrift 6 gets up to 10% more miles a gallon.

Another thing you'll like about this 135-h.p. 6 is the

extra pep it gives you for passing and climbing hills. This is due to higher torque at normal speeds.

It may be hard to believe anything that looks and moves like this '59 Chevy can be such a stickler for economy. But—whether you pick the Hi-Thrift 6 or a vim-packed V8—this is just one more reason Chevy's the car that's wanted for all its worth. Stop by your dealer's and see.

The smart switch is to the '59 Chevy!

The sophomore class of Yoe High appears to have more promise of speed than any other.

Led by Ed Lierman who rates with the tops, there's Douglas Parker, 149 pounder who has been outrunning seniors left and right in the 440 and 100 yard dash. Carroll Fikes and Joe Harbour are two more of Coach Webster's track stars.

—VOS—

Next year the Yoemen will have four three year lettermen returning to Coach Speer. All these young football heroes are linemen. They are Joe Humplik, 185 pounds; Griffin Barrett, 155 pounds; and James Fontaine, 175 pounds.

—VOS—

Don't forget about the coming track meet. The twenty-second annual invitation track meet isn't to far away and track Coach Murphy Webster is sharpening up speedsters like Johnny Tepera, George Zubrosky, and Johnny Davis for the meet.

### Rogers Tops Yoe 50-47 In Close Fought Game

The Rogers Eagles dropped Cameron last Friday night in a basketball tilt by a 50-47 score.

Lloyd Morgan huffed the Yoe time and time again hitting the bucket for 21 points. Turner Newton hit 13 points for Cameron. Rogers held a risky 14-10 lead at the end of the first quarter but moved it up to a 20-16 lead by the half. Cameron never took full charge of the score but kept it either tied up or just a few points difference throughout the game.

Cameron now has a 2-4 district record and Rogers 3-3.

## Cameron Dazzled By Redheads

By Robert Mann

The All-American Redheads went up against Cameron's own basketball talents here Tuesday night and defeated them 53-52.

The score was the least important thing as everyone in the packed Cameron gym thrilled to the amusing antics of the Redheads and the slow but witty hometown oldsters.

The game went into a three minute overtime play after being tied at the end of four quarters 50-50.

Leading the Redheads was Captain Fran Saunders, but for real laughs it was little Shirley Howard who kept the audience rolling on the floor throughout most of the game even though she was set back a couple of times by crafty Bill Kruger.

Throughout the first period Miss Howard dazzled players and crowd with her fast floor work and ball handling. Kruger then entered the court and it was war between the two of them the rest of the game. As soon as the fancy ball handling was pulled on Kruger he merely took the ball away from Miss Howard and basketed it.

At one time the referees were even taking part in the action. Dick Young and Earl Curtis took to the court while Shirley Howard blew the whistle for every reason not in the book.

It was a tie game all the way at the end of each quarter.

Cameronites who saw action were Jimmy Rettig, Jim Speer, Chester Simons, Buddy Shipp, Murphy Webster, Johnny Florida, Richard Wilkinson, Forrest Sapp, Eldon Batte, John Marshall and Kruger.

The Redheads put on a special show at intermission with fancy shooting, dribbling and hand stunts. Leading Cameron scorers were Kruger with 14 points and Simons with 6.

### Rockdale Man Plans To Lease Restaurant

Bob Wells, Cameron businessman, has announced that final arrangements are pending for leasing his restaurant to Tommy Thompson, Rockdale Restaurateur.

Wells said the restaurant will open in mid-March. He has leased the service station adjacent to the cafe building to J. A. Culpepper, who moved to Cameron two weeks ago to open the station.

### Mrs. McKee To Lead 'Isaiah Speaks' Study

Mrs. Louis M. McKee will present the program "Isaiah Speaks" Monday at the meeting of the Methodist Womens Society of Christian Service at 3 p.m. in the church.

The program, designed for WSCS study class presentation, is especially timely and pertinent for 20th century Christians. Mrs. McKee noted.

### Farm-Ranch Bowls High Season Series

Farm and Ranch rolled the high 3 game series of the Mens Bowling League season with a 2501 total followed with a 2413 series marked up by Alcoa No. 1.

Also recorded were 5 single games of over 500 with Gene Gold, far holding a total of 555. Rudy Richter rolled a high single game of 223.

### Sweetheart Banquet Honors Young People

A Sweetheart Banquet honoring the young people of the First Baptist Church will be held Friday night beginning at 7:15 p.m. in the Educational Building.

Guest speaker will be Larry Adams of Baylor University, originally from Wichita, Kansas, and Joyce Smalley will play specials on the coronet.

Special guests will be Mr. and Mrs. Roy Blackmon, who will lead the young people in singing.

A King and Queen will be chosen to represent the Training Union.

### Christian Church To Host Program For World Day Of Prayer

World Day of prayer, observed annually by church women around the world, has been set for Friday this year.

The local World Day of Prayer service will be at the First Christian Church starting at 3 p.m. The program is under the direction of Mrs. T. L. Jacks.

Mrs. Leland Green Sr., chairman of the United Council of Church Women in Cameron, said that more than 2,300 communities throughout the United States and 144 countries throughout the world will be observing the day with programs similar to the one presented locally.

Mrs. Green added that the council hoped for a large participation in this area and extended an open invitation to attend the service Friday.

### Mrs. Mills Elected To Milano HD Office

Mrs. R. L. Mills was elected secretary-treasurer of the Milano Home Demonstration Club at their meeting Thursday in the school lunchroom.

Mrs. Giles Yoakum was hostess for the meeting. The program "How To Make A Yo Yo Doll" was presented by Mrs. J. A. Baggett.

### Mrs. Holder Hosts Combined Meetings

Mrs. Perry Holder was hostess for a combined meeting of the Missionary Round Table and the Virginia Mills and Irene Parades circles of the First Baptist Church at her home Thursday evening.

A short report on the autobiography of Marian Anderson, was given by Mrs. Mary Hess; the highlights of her life being her humble service as a member of the United Nations Council and her great singing ability.

Mrs. Holder, missionary chairman, conducted a study on Alaska and little Miss Yvonne Hess read the scripture.

A buffet dinner was served between the two programs.

Mrs. Billie Sanders, who is moving to Alaska, was given a going away shower after the dinner.
